

Equipment for brewing a high grade beer.

In installing our new plant we threw out equipment better than many breweries still use. Equipment is as important as excellence in material, and our plant is the most up-to-date in America.

Machinery cleanses the malt kernels before use; machinery weighs all the ingredients, preserving just, accurate relative proportions WITHOUT GUESS WORK; and then the beer is cooled in pipes, where the air, even "filtered" air, is absolutely excluded. The wort that is to be

American Queen

takes its course from hopper to tuns, and after aging, on to the bottling plant through pipe mechanisms which thoroughly insure its isolation and protection. Another invention peculiar to our brewery makes and preserves the carbonic gas to be used in bottling. This adds immensely to the flavor. Finally, even the machinery used for cleanliness is cleaned every day before using. These lavish precautions make American Queen the most expensively brewed beer you can buy at the regular beer price. They enable us to economize in many departments and return the saving into quality of ingredients. Always call for American Queen wherever you drink beer.

ACME BREWING CO., Macon, Ga.

MEDALS WERE PRESENTED TO CONVENT SCHOOL PUPILS

MANY PERSONS WERE PRESENT LAST NIGHT TO WITNESS THE EVENT AT THE C. K. OF A. HALL.

Many persons were present last night at the hall of the Catholic Knights of America, when the pupils who had attained high honors at the Convent school during the session were presented with the well-earned tokens of their efficiency. The distribution of the medals commenced immediately after a hymn had been sung. Rev. Father Fullerton, of St. Michael's church, delivered an appropriate address, calling attention to the fact that former pupils were now holding excellent positions, thus showing the efficiency of the instruction received. The Sisters of Mercy were highly complimented for the excellent instruction given the pupils.

The presentations were made by Rev. Father Fullerton, assisted by Rev. Father Turner and Thos. Johnson, and were as follows:

Senior Girls' Room.
Gold Medal donated by Knights of Columbus, for U. S. History—Won by Miss Maggie Mae Hutton. Misses Maggie and Ada McHugh, Leona de la Rua, Agnes Quigley and Master Emanuel Johnson and Miss S. Bohe deserve honorable mention in this contest.

Special Prize for Excellence in Written Work—Awarded to Miss Mercy Hatton.

Premiums for Arithmetic—Awarded to Masters Gregory Quina, Thomas McHugh, Ryder Lannon, Edo Swaine.

WAS BALD SIX YEARS.

Three Months of the New Scientific Treatment Restored His Hair. Baldness is caused by dandruff, which is caused by a germ. Kill the germ and it is almost certain that hair will grow again. If the follicle has not been totally destroyed. Neil Peterson, of Lime Spur, Mont., says: "I had been bald six years, and had tried all kinds of 'cures,' but without any benefit whatever, until I tried Herpicide. November 16, 1899, I began using Herpicide, and in three months a fine growth of hair covered my head completely." Ask your druggist for Herpicide. Everybody can have luxuriant, glossy hair, if Herpicide is used thoroughly. Take no substitute. Sold by leading druggists. For sale by W. A. D'Alemberte, druggist and apothecary, 121 S. Palafox. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Harrington Johnson, Misses Rosalind Daniels, Lucy Swaine, and Kathleen Wheat.
Special Prizes for Application—Awarded to Master O'Brien Motta, Miss Annie Quina.
Intermediate Room, 4th Class, Senior Division.

Premium Awarded for Highest Average in Orthography to Miss Lillian Lindsey.

Premium for Department—Drawn for by Misses Edna Sheppard and Maggie Maloney. Won by Miss Mag Maloney.

Gold Cross for Highest Average—Awarded to Miss Hilda Bicker.
Second Prize for Highest Average—Awarded to Miss Willie Moody.

Special Prizes for General Satisfaction—Miss Lillian Lindsey, Miss Maggie Maloney, Miss Edna Sheppard, Miss Teresa Valanzano, Miss Jeanie Byrne, Miss Quinlan McAvoy.

The Sisters of Mercy tender their grateful thanks to the following for their liberal donations towards getting the above medals and premiums: The Knights of Columbus, Catholic Knights of America, Sodality of the Children of Mary, Hilliard, Miss Callen, Mrs. Anderson, Messrs. P. Murphy, Mr. D. Hayes, W. Hantz, A. S. Cox, G. Bruce, J. Clark, Dr. Hanna, T. Nixon, Gem Book Store, A Friend in Mobile.

WE HAVE BEEN WAITING for this year's Elgin Creamery Butter, and we now have it. We refused to handle the cold storage butter which has been on the market for the last few months. Try the new Butter, we will guarantee both the butter and the price to suit. The Tea Store. Phone 400.

THE INVESTIGATION OF STATE INSTITUTIONS.

Paltka Times-Herald.

Perhaps never before have Florida legislative committees appointed to inspect the state institutions made reports so plainly and pointedly worded as those which have recently startled the people of Florida. The committees, luckily, consisted of men who were determined to themselves inspect the institutions visited, and to make a faithful report of their findings. In years past these investigating trips were regarded as nothing more nor less than pleasure junkets—remember that a few years since a disgraceful state of affairs existed at a certain well-known educational institution, and the members of the committee, before they left Tallahassee, were notified of these conditions. Yet, despite all this, the committee reported everything "lovely." No real examination of the buildings—no effort in fact, was made to investigate the conduct of the management of the school. It has been hinted that the "findings" were written by a member of the faculty long before the arrival of the committee on the scene. This case was perhaps but one of many.

By some process a change has been wrought, and the committees from the present legislature have made honest examinations of places visited, and have left no stone unturned in their efforts to secure the real facts as they exist. The State Insane Asylum has long been known as a blot upon the fair name of the commonwealth, but it remained for the 1905 legislative committee to "find" anything wrong. The committee made a thorough investigation and their report reveals a most shocking condition. Not only have the inmates been neglected, but they have been brutally treated by debauched attendants who secured and retained their positions through a political pull. The funds of the asylum have been misappropriated, while the general conduct of the institution has been such as to cause the most degenerate to blush with shame.

The committees appointed to visit various other institutions have likewise conscientiously performed their duties and have reported in an untakable manner. At the University they found the buildings filthy and ill-kept, the modern farm a model of what it should not be and things generally in bad repair. At the East Florida Seminary they found the "plant" old and badly dilapidated, the buildings in a deplorable state and serious defects elsewhere. Evidently the committees personally made an examination, and therefore knew whereof they spoke.

While these reports have created a mild sensation, still no one believes that these state institutions are more poorly managed now than heretofore. On the contrary a decided change for the better has been occasioned in more than one of them. The real difference lies in the personnel of the committees. Men who were not afraid to perform their duty were on the last committees. They probed into things and made their reports conform to their findings. In years past had visiting committees likewise acted honestly the institutions of the state would to-day be on a higher plane, and present conditions certainly would not exist.

Red Hair.

When red hair makes its appearance on a human head all lukewarmness is at an end. It is either loved or loathed. Its admirers, with artists in the van, are almost hysterically enthusiastic. They call it golden, though the gold that comes out of the earth is not even exactly that shade. A red haired woman is sure of a success in some quarter, however plain her face or insignificant her figure. The detractors of red hair say it is a sign of bad temper or immorality or both and therefore to be scrupulously avoided.—London Queen.

Dirty Washing.

Natives of Morocco think that Europeans and Americans are dirty. The habit to which they object is that of washing the hands or face in a basin and, still more, taking a bath where the water is not running. The cleaner the bather becomes, they say, the dirtier the water he is washing with must necessarily become. And eventually the bather steps forth as cleaned from water which is no longer clean.

A Liquid Food

The true Malt-Tonic rich in tissue-forming, blood-making properties is

ANHEUSER-BUSCH'S
Malt-Nutrine
TRADE MARK.

It is made up of 14.60 per cent of nutritious Malt extract and is a perfect digestant—non-intoxicating—delicious tasting. The ideal tonic for convalescents.

Sold by all druggists and grocers.

Prepared by
Anheuser-Busch Brewing Ass'n
St. Louis, U. S. A.

FORBES

THE QUALITY STORE.

EMBROIDERIES! EMBROIDERIES!
